RECENT CHANGES IN THE PVP SYSTEM

General Description

- ✓ Indonesian Government is aiming to **ENHANCING PRIME PUBLIC SERVICES**
 - ❑ some measures have been taken in all Ministries/Governmental Institutions for an effective, efficient and transparent services for the public.
- ✓ Since the reorganization of **CENTER FOR PVP AND AGRICULTURE PERMITS** in **2011**, the Center have been focusing to improve **its INFRASTRUCTURES & SYSTEM** using **E-GOVERNMENT** approach.
- ✓ **INDONESIA** not yet become **MEMBER OF UPOV**,
In the progress preparing and harmonizing all elements such as:
 - **Regulation framework concerning PVP**
 - **Regulation on seed system**
 - **Regulation on genetic resources**

ROAD MAP TO UPOV MEMBER

Developing National Convention

- *to evaluate the strength and weaknesses to become UPOV Member*

STRENGTH

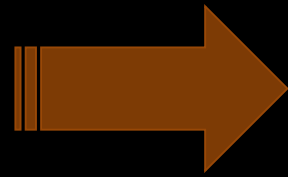

- Technical Skill
- Infrastructure
- Human Resources

WEAKNESS

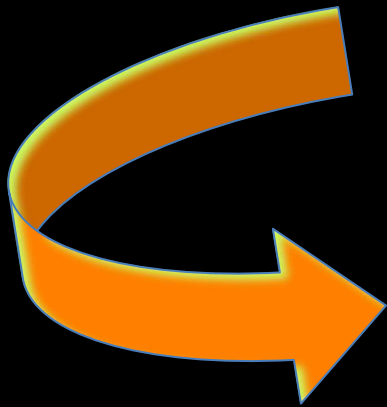

- Supporting Regulation
- Strengthening System

RECENT & BACKGROUND CHANGES IN THE PVP SYSTEM

LEGAL AREA

- Simplification of PVP Application Form
- Developing PVP Online Application
- Developing overhaul seed system

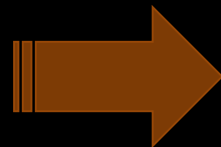

- Improving public service
- Towards year of seed in 2018

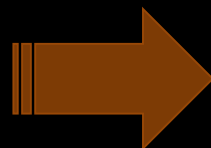

RECENT CHANGES IN THE PVP SYSTEM

INFRASTRUCTURE

- ❑ Developing Low Land DUS Testing Field

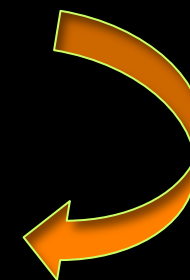

TECHNICAL AREA

- ❑ Appointing Head of DUS Testing
- ❑ Capacity Building for Field Staff / PVP Examiner

- ❑ Better result of PVP and DUS Testing System
- ❑ Gaining trust and professionalism in public services

Obstacles and challenges

- Legal issue → disharmony in regulation on seed and variety system
- Technical Issues → Management on DUS testing station (Infrastructure and human resources)
- Public awareness → low awareness on plant variety protection and conservation on local variety

Thank You
