

# Farmer Save Seed Workshop

**Key Challenge of Farmer Save Seed in  
Cambodia**

**Dr. Srun Khema**  
**Deputy Director, Department of Crop Seed, GDA**

*26 February 2024*

# **Key Challenge FFS in Cambodia**

- 1. Farmers are lack of information about law on seed management and plant breeder's right**
- 2. Inadequate dissemination of technical information and poor awareness of advantages of the using good quality seed,**
- 3. Seed quality standards and a certification system have not yet been developed yet,**
- 4. Lack of transparency in import and registration procedures, leading to a large informal trade with little information about the quality of the imported materials.**
- 5. Become a UPOV need to amendment the Law on seed management and plant breeder's Right,**

**Thank you for your attention**
