

**CELEBRATING MALAYSIAN NATIONAL DAY**

# **Individual Implementing Strategy**

## **MALAYSIA** prepared by Department of Agriculture, Malaysia

Presented during  
the 14th Annual Meeting of East Asia Plant Variety Protection Forum  
31 August 2021

# I. NATIONAL GOAL

(FOR NEXT 10 YEARS: 2021 TO 2030)

## National Agrofood Policy (NAP) 2.0 2030 Goal

A total of 5 policy thrust has been identified to support the overall policy framework and agrofood industry development for the next 10 years:

## National Intellectual Property Policy (NIPP) Objectives

- 
- 01** Highest Standard of Intellectual Property Protection System
  - 02** Promotion of Intellectual Property-generated Activities
  - 03** Promotion of Commercial Exploitation of Intellectual Property
  - 04** Development of Intellectual Property Management Capabilities
  - 05** Development of Infrastructure for Intellectual Property Transaction
  - 06** Protection of Malaysian Intellectual Property Interest
  - 07** Human Resource Development and Public Awareness
  - 08** Promotion of Foreign Investment and Technology Transfer

# 2. Objectives with analysis of challenges

(for next 3 years)

CHALLENGE

1

LEGAL PROCEDURE ESTABLISHMENT FOR UPOV MEMBERSHIP.

2

APPLICATIONS FOR PROTECTION OF LOCAL PLANT VARIETIES ARE STILL LOW.

3

LOCAL BREEDERS OF PROTECTED VARIETIES HAVE NOT GAINED PROFIT FROM THE PROTECTION SIGNIFICANTLY.

4

FARMER BREEDERS HAVE NOT FULLY EXERCISED THE SCOPES GIVEN UNDER BREEDER'S RIGHT.

5

PROTECTED VARIETIES HAVE NOT MET MARKET DEMAND.

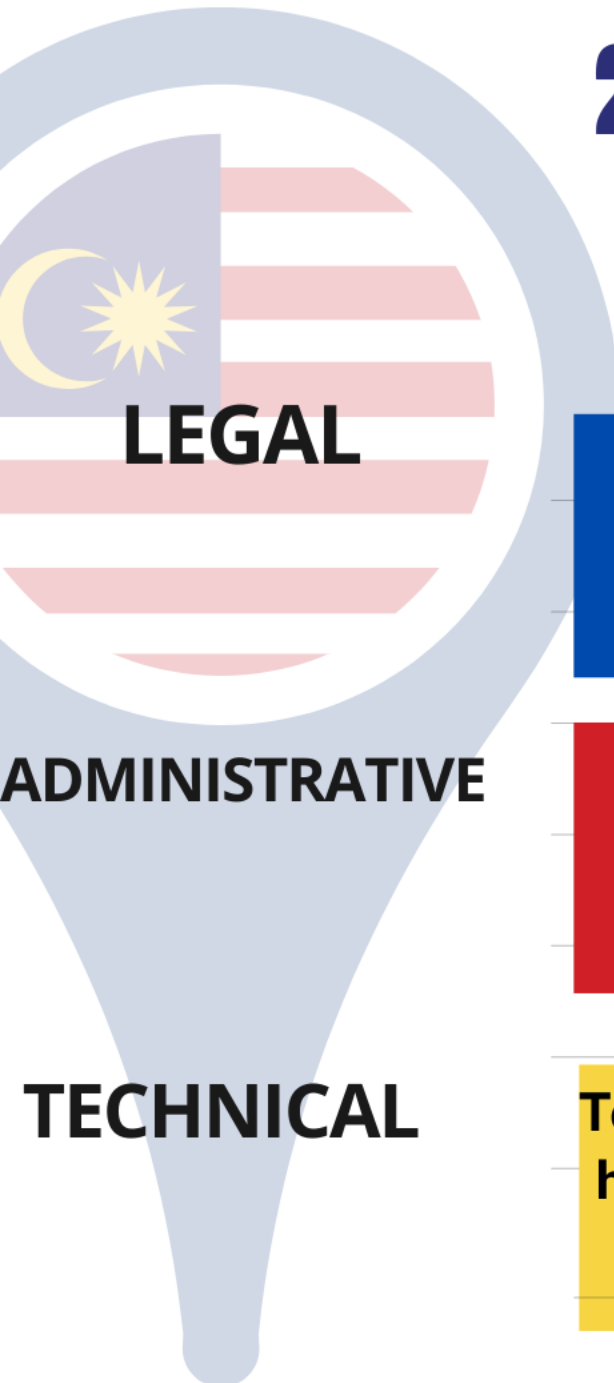

6

DURATION FROM APPLICATION TO GRANTING IS TIME CONSUMING.

# 2. Objectives with analysis of challenges

(for next 3 years)

## OBJECTIVES

## OUTCOME

To expedite the process of Act amendment and to accede to UPOV 1991.

i. New PVP Act  
ii. UPOV Status

To shorten the duration from filing of an application to granting.

More applications are processed in shorter period.

To promote the benefits of PVP and the know-how in utilising the scope provided under the rights among local applicants.

More local new varieties protected.

# 3. Planned activities and Road map
